Researching what works best

We aspire to identify benchmarks for best practices and to build an evidence base on effective pro-democracy activities and efficient NGOs carrying them out.

Make the biggest impact with your pro-democracy donation

OUR MISSION

# Researching what works best

In order to defend, strengthen and advance liberal democracies, we research, analyze, and publish highly effective interventions executed by outstandingly efficient not-forprofit organizations.

In doing so we help donors everywhere who are committed to safeguarding and advancing liberal democracy to achieve maximum impact with their democracy donations.
